PUBLIC NOTICE OF ARIZONA ELECTRIC POWER COOPERATIVE'S FUEL ADJUSTMENT AND PURCHASED POWER ("FPPCA") RATE ADJUSTMENT

Effective April 1, 2006, the Arizona Corporation Commission has authorized an Fuel and purchased Power Clause Adjustor Rate Increase ("FPPCA") requested by Arizona Electric Power Cooperative, Inc. ("AEPCCO"). AEPCCO is the Cooperative that generates at wholesale a portion of the electricity which Mohave Electric provides. The increase is necessary to recover increased AEPCCO costs of fuel used to generate electricity and purchase power at wholesale from others who supply AEPCCO. Neither AEPCCO nor Mohave make any margin on the fuel and purchased power charges.

Because the Fuel and Purchased Power Adjustment is an increase for the power purchased from AEPCCO at wholesale, it is difficult to determine precisely what its impact will be on the specific retail rates, and whether or when the increase will impact your retail rates. There is no effect on retail rates at this time. However, we estimate that on average residential members using approximately 900 kilowatt-hours per month may see an increase of \$5.40 per month when we begin to pass on this AEPCCO FPPCA through to retail members.
